

EXPRESS ESSENTIALS

Water Wizard Arch

Maximum impingement and coverage of all top horizontal and vertical surfaces.

Hanna Tire Glaze Applicator

Evenly applies tire dressing from edge of wheel to edge of tread. Eliminates spotty application.

Dual Pack Flex Wrap

Allows for two passes on hard to clean vehicle front and rear. Only 18' of operating space.

No labor for prepping, no labor finishing and an automated greeter always on the job, these are the essentials of Express Exterior washing and Hanna has the broadest line of innovative washing components to deliver the best customer experience.

Start with the broadest range of unattended automatic controls with options like a touch screen display and gated controls. Then add compact brush packages like the Dual Pack Flex Wrap and conserve valuable conveyor space without sacrificing cleaning. Blast away dirt in hard to reach areas with the Water Wizard high pressure arch and finish tires with Hanna's Tire Glaze for the most even and complete application of tire dressing.

These are just a few of Hanna's broad line of essential express wash components. To learn more, call Hanna 800-288-6927 or visit www.hannacarwash.com
