

JIM COLEMAN COMPANY

World Class Manufacturing in Car Wash Equipment

PRESS RELEASE

DATE: October 26, 2004

TO:

RE: Coin-less Car Wash

RELEASE DATE: IMMEDIATELY

Jim Coleman Company is proud to introduce the newest concept in the car wash industry...the coin-less car wash. This exciting concept removes coin acceptors from the car wash therefore accepting only paper money, credit cards, code entry and fleet codes, thus simplifying revenue collection and enhancing customer expenditure. This type of facility looks to be the trend of the future.

The first state of the art coin-less car wash was recently completed in Las Vegas, Nevada. The car wash features a Royal Building structure with a stucco exterior and also features 6 self serve bays, 2 Water Wizards, 6 vacuums, 3 combination vacuum fragrance machines, 3 combination vacuum shampooer machines, electronic vending and a Swipe-N-Clean, all of which are manufactured by Jim Coleman Company. The site also offers a bonus to pet lovers...it has 2 dog washes!
